LICENSE DETAILS:

License ID number: 36801

“Customer”: the National Library of Sweden, Box 5039, 102 41 Stockholm, Sweden, on behalf of the Licensees listed in Attachment 1

“Licensee”: the respective participating organisations set forth in Attachment 1, duly represented by the National Library of Sweden

This License Agreement between Springer Nature Customer Service Center GmbH, Tiergartenstrasse 15-17, 69121 Heidelberg, Germany (**“Licensor”** or **“Springer Nature”**) and Customer (authorized to enter into this License Agreement on behalf of itself and on behalf of the Licensees listed in Attachment 1) incorporates the following documents:

- This License Details page including:
 - Attachment 1: Customer and Licensee Information;
 - Attachment 2: Pricing Model;
- The Product Terms (as listed in Section 1 below);
- Attachment 3: Text and Data Mining Terms;
- The General Terms and Conditions; and
- Attachment 4: Technical Requirements and Metadata.

When executed by all parties, this License Agreement shall be deemed effective on the earlier of: (i) the earliest Commencement Date for any Product licensed hereunder, or (ii) the last date of signature by Licensor or Customer.

For the avoidance of doubt, any statements of declarations by Customer are made on behalf of the Licensee(s) and/or Additional Organizations, unless otherwise specifically stated. Any declaration of intent, undertaking, commitment, waiver and declaration on limitation of rights made by the Customer is (also) made on behalf of the Licensee/s and/or Additional Organizations unless explicitly stated otherwise in this License Agreement.

Pricing Model

Springer Compact

Springer Compact is a transitional model combining open access publishing and reading access in one payment scheme. The Compact Fee comprises a Publishing Fee and a Reading Fee.

Compact Fee	2019	2020	2021
Publishing Fee (APC Fund) (Part A)	€3,612,042	€3,737,937	€3,868,410
Reading Fee (Part C)	€550,059	€550,059	€550,059
<i>Reading Fee "courtesy under-publishing correction"</i>	- € 120,000	- € 120,000	- € 120,000
Reading Fee payable (Part B)	€430,059	€430,059	€430,059
Compact total fee (Part A + Part C)	€4,162,101	€4,287,996	€4,418,469
Compact Fee payable (Part A + Part B)	€4,042,101	€4,167,996	€4,298,469

The **Publishing Fee (APC Fund)** corresponds to the agreed total number of Eligible Articles to be published by all Licensees during a calendar year multiplied by the Agreed APC Rates as described in Schedule 2 to the Springer Compact Product Terms.

The **Reading Fee** corresponds to the 2018 reading fee paid by Licensees in the previous Compact agreement and will remain constant during the Term.

The **Compact Fee payable** is the amount that Licensees will actually pay.

Product Terms Springer Compact

WHEREAS, therefore, the Licensor and the Licensees intend to establish a legal and economic framework to allow: (a) eligible authors from Licensees to publish open access articles in the Open Choice journals listed in Schedule 1 (Open Choice Journals), whereby article processing charges would be considered as a part of the overall fees under these Product Terms; and (b) access to the journals listed in Schedule 3 (Content).

These Product Terms incorporate the following Schedules:

- Schedule 1: Open Choice Journals
- Schedule 2: APC Fund, APC Rate and Publication Corridor
- Schedule 3: Content
- Schedule 4: Licensees' Opt-out Value and Article Deduction numbers
- Schedule 5: Additional Organisations, Article Allocation and Opt-in Fee Calculation

1. Term

The Term shall begin on **January 1st, 2019** (the "Commencement Date") and shall end on **December 31st, 2021**.

PART A – OPEN ACCESS PUBLISHING

2. Definitions

2.1 The following terms shall have the following meanings when used within these Product Terms, and shall apply in addition to the definitions included in Section 1 of the General Terms and Conditions:

2.1.1 "**Affiliated Author Approval Date**" means the date on which a Licensee has confirmed, pursuant to Section 3.4, that an author is an Affiliated Author.

2.1.2 "**Allocation Date**" means the date that Licensor will take into consideration to allocate the APC and then deduct it from the APC Fund, pursuant to the Agreed APC Rate as per Schedule 2 (APC Fund, APC Rate and Publication Corridor). The Allocation Date shall be the Affiliated Author Approval Date within a given year of the Term.

2.1.3 "**APC Fund**" means the fund from which Eligible Authors can publish Eligible Articles, as specified in Schedule 2 (APC Fund, APC Rate and Publication Corridor).

2.1.4 "**Article Approval System**" means the Licensor's standard approval portal for journals (excluding any Non-Standard Journals).

2.1.5 "**Article Processing Charge**" ("APC") means the Licensor's article processing charge for publishing an open access article in the applicable journal, as specified in Schedule 2 (APC Fund, APC Rate and Publication Corridor).

2.1.6 "**Effective Date**" means the date when this License Agreement comes into effect.

2.1.7 “**Eligible Authors**” means authors (i) who are “**Affiliated**” with a Licensee, i.e. who are students enrolled at or accredited to Licensee or who are teaching and research staff employed by or otherwise accredited to the Licensee, whereby in case of articles published by multiple authors only the corresponding author may qualify as an Affiliated Author; (ii) who have signed one of the then current open access publishing agreements used at the Licensor to publish an article under an Open Access License in one of the Licensor’s Open Choice Journals, the current list of which (subject to change by the Licensor) is attached in Schedule 1 (“**Open Choice Journals**”); and (iii) for whom a Licensee has confirmed the status as Affiliated Author pursuant to Section 3.4.2.

For the avoidance of doubt, it is the sole responsibility of the Licensee to verify if an author is an Affiliated Author. If the Licensee confirmed the affiliation of an author with respect to an article, this author shall be deemed an Affiliated Author.

2.1.8 “**Eligible Articles**” means articles (i) which are original and not infringe on any law and/or third party right and meet all ethical standards as required in the current guidelines of the Committee for Publication Ethics (COPE) and other similar policies of the Licensor, (ii) which are editorially accepted for publication by Licensor in an Open Choice Journal in accordance with section 3.2.1, (iii) which are written by Eligible Authors, and (iv) which are of one of the following article types:

- a) Original Paper – Standard article, usually presenting new results; articles published under this article type may also be referred to as Original Research, Original Article, Original Paper or Research Paper.
- b) Review Paper – Standard article, interpreting previously published results.
- c) Brief Communication – Short article submitted for rapid publication that exhibits the same structure as a standard article.
- d) Continuing Education – Article forming integral part of further education (usually medical).

2.1.9 “**Non-Standard Journals**” means the journals which are not published in the Licensor’s standard publications workflow, and/or in which respect the Licensor does not control the publication workflow and/or the terms and conditions under which such journals are published. Non-Standard Journals are marked accordingly in Schedule 1 (Open Choice Journals), but Licensor may change the designation of any such journals to “standard” from time to time during the Term.

2.1.10 “**Open Access License**” means the Creative Commons license Attribution 4.0 International (CC-BY 4.0) used by Licensor for the publishing of Eligible Articles in Open Choice Journals. As an exception, and for no more than 2% of the Open Choice Journals, the Creative Commons license Attribution Non-Commercial 4.0 International (CC-BY-NC 4.0) may be used. Licensor may use newer versions of said licenses, if such newer versions do not restrict users’ rights more than the Open Access Licenses used at the Effective Date. This does not apply to Non-Standard Journals.

In addition, if requested by an Eligible Author, other open access licenses like the CC-BY Intergovernmental Organisation (IGO) license may be used, provided that such open access licenses do not restrict users’ rights more than any of the Creative Commons licenses existing at the Effective Date of this License Agreement.

Nothing in this Agreement shall be taken to restrict, limit or curtail any provisions of the Creative Commons licenses used for open access publication.

3. Open Access Publishing

3.1 APC Fund

- 3.1.1 During the Term, any APC for an Eligible Article shall be deducted by the Licensor from the APC Fund, in accordance with the Allocation Date. The APC for any article submitted to the Licensor from an Affiliated Author, which is not an Eligible Article, will not be deducted from the APC Fund and will be charged separately under the Licensor's standard process at Licensor's standard list price APC for the respective journal (and which for the avoidance of doubt is not the APC set forth in Schedule 2 to these Product Terms). Upon expiry of the Term, any remaining APC Fund will not be refunded. For the purpose of this License Agreement, the parties agree to a Publication Corridor as set forth in Schedule 2 (APC Fund, APC Rate and Publication Corridor).
- 3.1.2 The number of Eligible Articles as set forth in the quarterly reports as per Section 3.7.1 will be determined by the date on which the relevant APC was deducted from the APC Fund.
- 3.1.3 The Licensor shall notify the Customer when the APC Fund, i.e. the number of Eligible Articles (Article Max) is due to run out. The Licensor shall endeavour to submit such notification 4 weeks before the APC Fund (Article Max) runs out.
- 3.1.4 When the APC Fund, i.e. the number of Eligible Articles (Article Max) runs out, the Licensor will stop accepting Eligible Articles for open access publication pursuant to these Product Terms. Under such circumstances, the Licensor will notify the Customer and the Licensees and either:
- a) Licensee may elect to pay the standard APC, which is Licensor's standard list price APC for the respective journal (and which for the avoidance of doubt is not the APC set forth in Schedule 2 to these Product Terms) for any relevant Eligible Article within 14 calendar days of receipt of the notice; or
 - b) where Licensee has not notified the Licensor according to Section 3.1.4a), and an Eligible Author approaches the Licensor with the desire to publish an article open access and pay the APC by himself/herself or by a third party, the Licensor reserves the right to publish such article; or
 - c) if Sections 3.1.4a) or 3.1.4b) do not apply, the Eligible Article may be published on a subscription basis.

3.2 Editorial Independence

- 3.2.1 Nothing herein contained shall oblige the Licensor or any third party to accept or publish any article submitted to the Licensor by an Eligible Author. Licensee acknowledges that the selection of material to be accepted and published by the Licensor or a third party in control of the publishing process is entirely at the discretion of the Licensor or said third party. Licensee waives any claim it may have against the Licensor or said third party in the event that the Licensor or said third party refuses or declines to publish any material (or part thereof) submitted by an Eligible Author (i.e. an article which is not an Eligible Article).

3.3 Identification of Affiliated Authors

- 3.3.1 The Licensor shall be responsible for the identification of Affiliated Authors as further described in these Product Terms. However, it is the Licensee's responsibility to provide the parameters for identification of Affiliated Authors and to update the Licensor of any changes in those parameters as soon as reasonably practicable.
- 3.3.2 With respect to publication in any Open Choice Journal (which is not a Non-Standard Journal), Affiliated Authors shall identify themselves through one of the following parameters: by selecting their organisation name; and/or by e-mail domain recognition; and/or by IP address recognition within the identification process. Licensor will continue to work with Licensees on improving communication to authors about identification.

- 3.3.3 Each Non-Standard Journal may have a different process for identification of Affiliated Authors.
- 3.3.4 For the avoidance of doubt, Eligible Authors shall not be offered the option to publish their Eligible Article under any license other than the Open Access License.
- 3.3.5 During the Term, if Licensor fails to identify authors as Affiliated Authors despite the author correctly providing the identification parameters as specified in section 3.3.2 and then Licensor publishes their article on a subscription basis, the Licensor shall be responsible to revert the article so that it is published pursuant to the Open Access License, if requested by the author and upon verification by the Licensee that the author is in fact an Affiliated Author. In such case, the APC will be deducted from the APC Fund.
- 3.3.6 For the avoidance of doubt, if an Affiliated Author does not correctly provide the identification parameters as specified in section 3.3.2 and then Licensor publishes their article on a subscription basis, the Licensor shall not be required to then convert the article so that it is released pursuant to an Open Access License.
- 3.3.7 During the Term, if Licensor fails to identify authors as Affiliated Authors despite the author correctly providing the identification parameters as specified in section 3.3.2 and then Licensor charges an Affiliated Author with an APC for publication of an Eligible Article, the Licensor shall, within 30 days upon being aware of the foregoing and upon verification by the Licensee that the author is in fact an Affiliated Author, refund such paid APC to the author. The according APC will be deducted from the APC Fund.

3.4 Verification of Affiliated Authors

- 3.4.1 The Licensor shall notify the Licensee by email each time an author is identified as an Affiliated Author for the purposes of verification.
- 3.4.2 The Licensee shall confirm or deny if the author is Affiliated with the Licensee. In case the Licensor does not receive either a confirmation or a denial within 3 days after the Licensor has notified the Licensee, the Licensor will send a reminder. In case the Licensor still does not receive either confirmation or denial within 2 days from this reminder, the Licensor shall deem the author to be Affiliated and continue the publishing process. Licensor shall explicitly inform Licensee in its notification email of the intended consequences if the aforementioned time period expires without any declaration by Licensee. If the Licensee requires more than 5 days for confirming or denying if an author is Affiliated, the Licensee may request an extension of up to 4 additional business days from the Licensor by email.
- 3.4.3 Except as otherwise stated in this Section 3.4, all communications specified in Section 3.4 shall be made through the Article Approval System. In exceptional cases, communications may also be made via other means (such as e-mail). This Section does not apply to Non-Standard Journals.

3.5 Metadata and Industry Standards

- 3.5.1 The Licensor undertakes to use the ORCID ID (<http://orcid.org/>) throughout the workflow from submission to publication and include Eligible Authors' ORCID ID in Eligible Articles and via Abstracting & Indexing (A&I) services and other discovery services, to the extent provided by the Eligible Author. It is the Eligible Author's responsibility to provide all necessary details in respect of his/her ORCID ID to the Licensor. This Section does not apply to Non-Standard Journals.
- 3.5.2 Upon publication of an Eligible Article, Licensor will register the article metadata on CrossRef, including, but not limited to: (1) the Eligible Article's digital object identifier (DOI), (2) the funding metadata, including funder name and grant number, in the metadata in Funder Registry (on CrossRef), (3) bibliographic citations, (4) to the extent supported by CrossRef and if Licensor's

workflows support so, funder of the open access publishing as defined in clause 3.6.1 and (5) the Open Access License if, in each case of the above, CrossRef accepts the specific metadata, and if provided by the author at submission.

- 3.5.3 Licensor will comply with the last version of NISO's Recommended Practice on Access and Licensing Indicators (<https://www.niso.org/standards-committees/access-and-license-indicators>), including, but not limited to, guidance regarding `free_to_read` and `license_reference` metadata fields and regarding mechanisms for distributing metadata.

3.6 Article Publication

- 3.6.1 Eligible Articles will be published online and in the first instance under the Open Access License. Affiliation of the Eligible Author, funders of the research if provided by the author at submission, and funder of the open access publishing ("Open Access funding provided by [Eligible Author's affiliation organisation]") must be stated in the articles. Licensor will apply the Open Access funding note from signature date of this License Agreement. This Section does not apply to Non-Standard Journals.
- 3.6.2 The parties agree that the Eligible Author shall retain its ownership in the copyright to the Eligible Article, even if published pursuant to this License Agreement, this however may not apply in case a) the Eligible Article is published in a Non-Standard Journal, and/or b) if requested by the author, and/or otherwise required by law or third parties (such as funding bodies).
- 3.6.3 Upon publication, Licensor will provide the Eligible Author with an e-mail linking to an electronic copy of the final version of the Eligible Article (which includes the article's DOI and a human-readable summary of the Open Access License terms). This does not apply to Non-Standard journals. It is the joint goal of Licensees and Licensor to educate authors in open access (including, but not limited to, how and by whom open access publishing is funded) and encourage authors to share and distribute their article. The Licensees and the Licensor have the ambition to raise such awareness by each adopting measures that are considered commercially reasonable by the respective party. Each party agrees that the measures currently adopted by the other are commercially reasonable.
- 3.6.4 The Eligible Articles published in the Open Choice Journals will be hosted by Licensor as part of the Open Choice Journals in the same manner as Content licensed under this License Agreement. For the avoidance of doubt, this includes the rights and obligations as per Section 4.4 of the General Terms and Conditions. To the extent applicable, Section 4.6 applies *mutatis mutandis* to the Eligible Articles. However, the forgoing sentences shall not be deemed to limit or restrict the open access license terms under which the Eligible Articles are published.
- 3.6.5 Section 7.5 b) and c) of the General Terms and Conditions shall not apply to the Eligible Articles in case of a termination or an expiration of the Term.
- 3.6.6 In the event that Licensor ceases to provide access to Eligible Articles as a standard offering through the Platforms after expiration of the Term, Licensor may provide access to such Eligible Articles to the general public through any effective means.

3.7 Reporting

- 3.7.1 Licensor will report on a quarterly basis how many Eligible Articles have been accepted and approved by Licensee and in which regard the Licensee has verified that the author is an Eligible Author pursuant to these Product Terms.

The reports shall be sent to the Customer and the Licensee and include the following details:

- a) Name and email address of the corresponding author

- b) Name of the Licensee approving the Eligible Article
- c) Date of acceptance (to the extent possible, according to the relevant editorial policies)
- d) Online publication date
- e) Journal Title
- f) Article title
- g) Article type
- h) DOI
- i) CC license type
- j) Funding organization (research funder) if provided by Eligible Author on submission
- k) APC cost and the Allocation Date of the Eligible Article.

In addition, Customer and Licensee can access and download reports via the Article Approval System at any time during the Term.

3.8 Workflow revision

- 3.8.1 The parties may mutually agree in writing to a different, more automated mechanism to verify identification criteria for Eligible Authors.
- 3.8.2 From time to time, the Licensor shall be entitled to revise the identification and verification process described above in order to improve the process for Eligible Authors. Licensor will review and consider the latest developments with respect to this process, including but not limited to the *ESAC Recommendations for article workflows and services for offsetting/open access transformation agreements* available at <https://insights.uksg.org/articles/10.1629/uksg.391/>. Licensor will take into account but will not be bound by Customer's and Licensee's suggestions for process improvements,. For the avoidance of doubt, Licensor may determine any changes in the identification and verification process in its sole discretion. The Licensor shall notify Customer and Licensee in writing of any such changes to the process.

PART B – ACCESS TO CONTENT

4. Access to Content

4.1 Access Rights

- 4.1.1 Continuing Access Journals: During the Term, Licensee shall have access to the Continuing Access Journals listed in Schedule 3 (Content) first published during the Term. After the Term, Licensee shall have, Continuing Access to the Continuing Access Journals first published during the Term, subject to all the terms and conditions of this License Agreement.
- 4.1.2 Backfile Access During the Term: In addition, during the Term only, Licensee will be granted access to the content of the titles listed in Schedule 3 (Content) published beginning 1997 (or, if later, first date of publication).

4.2 Cessation of Publication and Transfer

- 4.2.1 If 3% or more of the Continuing Access Journals cease to be published by Licensor during the Term, upon Customer's written request, Licensor will offer to Customer a credit toward any future acquisition of a Product in the amount equal to the value of the discontinued Continuing Access Journal. Licensor will use reasonable efforts in line with Licensor's standard policies to inform Customer and Licensee with respect to the discontinuation of Continuing Access Journals. The value of any discontinued Continuing Access Journal will be determined by Licensor in good faith, taking into account factors which may include, without limitation, number of articles, number of

pages, impact factor, usage factor, list price, or any other formula including any or all such factors. Any such calculation of the credit will be transparent and disclosed in writing to Customer. For the avoidance of doubt, Licensor shall not change the factors used for the calculation during the Term.

- 4.2.2 If Licensor's publishing rights to a Continuing Access Journal are transferred to another publisher, Licensor will make all reasonable efforts to follow the Code of Practice of Project Transfer (<https://www.niso.org/standards-committees/transfer>) and will use commercially reasonable efforts to provide Licensee with access (including, for the avoidance of doubt, Continuing Access to the Continuing Access Journals first published during the Term) to the Content of the Continuing Access Journal licensed under these Product Terms either (a) online on the Platforms, (b) online on the new publisher's website, or if options a) or b) cannot be provided in a commercially reasonable manner, (c) offline by providing the same on a digital storage medium. In case of (c) above, Licensor will provide written explanations to Customer why options a) or b) could not be provided (to the extent permitted by confidentiality provisions between Licensor and the other publisher, if any), and the use of the Continuing Access Journal shall be subject to the terms of this License Agreement, except for Sections 4.3 and 4.4 of the General Terms and Conditions. If Licensor is unable to do any of the foregoing, Section 4.2.1 above shall govern.

PART C – OPT-OUT & OPT-IN

5. Opt-out

- 5.1 One or more Licensees may opt out from these Product Terms with 60 calendar day's written notice to Licensor; such opt out being effective December 31st of the same year. The parties agree that any such notice will be issued by Customer on behalf of the Licensee(s).
- 5.2 In a case of an opt-out, the Licensee's "**Opt-out Value**" (as defined in Schedule 4) will be deducted from the Compact Fee of the year(s) following such opt-out, and the APC Fund will be reduced by the number of articles allocated to the opting-out Licensee as defined as "Article Deduction" in Schedule 4 for the year(s) following such opt-out.
- 5.3 For a Licensee that opts-out, all rights and obligations under these Product Terms will cease at the effective date of the opt-out (except with respect to any unpaid Compact Fees owed by Licensee until the effective date of termination and except as provided in section 7.5 third sentence of the General Terms and Conditions). For each Eligible Article with an Allocation Date after the effective date of termination, Licensor's standard list price APC for the respective journal (and which for the avoidance of doubt is not the APC set forth in Schedule 2 to these Product Terms) will apply.
- 5.4 If, during the Term of these Product Terms, the sum of the Opt-out Value of opting-out Licensees (for the avoidance of doubt, all opt-outs during the Term will be added for the purpose of this calculation) exceeds 10% of the then current Total Annual Opt-out Value as defined in Schedule 4 ("**Termination Threshold**"), Licensor or Customer may terminate these Product Terms by written notice to the other, at the latest 30 days prior to the end of the calendar year. Such termination shall be effective at the end of the calendar year in which the Termination Threshold occurred. Upon the effective date of such termination, all rights and obligations under these Product Terms will cease (except with respect to any unpaid Compact Fees owed until the effective date of termination).

6. Opt-in

- 6.1 Additional Organisations (as defined in Section 1.1 of the General Terms and Conditions) have the possibility to opt in to these Product Terms during the Term, such organisations being exhaustively listed in Schedule 5 against payment of the fees set forth in the same schedule. The APC Fund will be increased by the number identified as "Article Allocation" in Schedule 5. An opt-in by an Additional Organisation as listed in Schedule 5 is subject to written notice (including all information required to set up identification and the Licensee

verification of Affiliated Authors as described in sections 3.3.1 and 3.4 to be received by Licensor 60 calendar days prior to the end of the calendar year, such opt-in being effective January 1st of the following calendar year. The parties agree that any such notice will be issued by Customer on behalf of the Additional Organisation as listed in Schedule 5. Upon the effective date of such opt-in, the Additional Organisation as listed in Schedule 5 will be deemed a Licensee and all rights and obligations of these Product Terms shall apply to it. Licensor and Customer agree to update Schedule 5 during the Term of this Agreement if new organization(s) fulfil the definition of Additional Organisations (as defined in Section 1.1 of the General Terms and Conditions).

**Schedule 1 to Springer Compact Product Terms:
Open Choice Journals**

The following Open Choice Journals are eligible for Eligible Authors to publish in. Licensor will send Customer an updated list of Open Choice Journals on a quarterly basis. This list is subject to change.

**Schedule 2 to Springer Compact Product Terms:
APC Fund, APC Rate and Publication Corridor**

	2019	2020	2021
Compact Fee Part A Publishing Fee ("APC Fund")	3 612 042 €	3 737 937 €	3 868 410 €
Agreed APC Rate	2 289 €	2 289 €	2 289 €
Number of Eligible Articles ("Article Base")	1578	1633	1690
Number of Eligible Articles (top of corridor) ("Article Max")	1657	1715	1774
Number of Eligible Articles (bottom of corridor) ("Article Min")	1499	1551	1605

1. The parties agree to the APC Funds as per the table above. The APC Fund is based on a mutually agreed APC Rate ("Agreed APC Rate") and the Article Base, which represents the expected article output of all Licensees during a respective calendar year of the Term, based on previous year's output. The parties agree to an increase of the Article Base by 3.5% during each year of the Term, such growth is already reflected in the table above.
2. The parties further agree to the following publication corridor ("Publication Corridor"), to consider the possibility that the number of Eligible Articles being published exceeds the Article Base ("Overpublishing") or the possibility that the number of Eligible Articles being published is below the Article Base ("Under-publishing").
 - a. Overpublishing
Licensees may publish additional Eligible Articles at no extra cost up to the top of the corridor, i.e. the number indicated as Article Max in the table above. For each article published above the Article Max, the provisions of clause 3.1.4 of the Springer Compact Product Terms will apply. In such case, the APC will be based on standard list price APC for the respective journal (and which for the avoidance of doubt is not the APC set forth in Schedule 2 to these Product Terms) and the additional APCs will then be invoiced to the corresponding Licensee or the Eligible Author separately, as set forth in clause 3.1.4 of the Springer Compact Product Terms.
 - b. Under-publishing
If Licensees publish less than the Article Min. threshold, Licensor will, within the first quarter of the following year of the Term, refund Customer an amount corresponding to the difference between the Article Min. threshold and the number of articles actually published, multiplied by the Agreed APC Rates. For the avoidance of doubt this refund is Customer's sole remedy in case of under-publishing and the parties agree that the APC Fund shall otherwise expire at the end of each calendar year.

Attachment 3**Text and Data Mining Terms**

“**Text and Data Mining**” (“**TDM**”) means (i) performing automated searches, selection of content, and structured analyses of content including data embodied therein, (ii) the sorting, parsing, addition or removal of linguistic structures, and the selection and inclusion of discrete parts of content into another form for purposes of classification or recognition of relations, patterns, and associations, and (iii) the extraction, alternative representation or translation, expression or discussion of any extracts from mined content, whether in the form of a direct extraction or a representation in any form.

“**TDM Materials**” means the materials, data and information created for or during TDM based on the Content.

“**TDM Output**” means the data and information which is the result of any TDM, excluding, however, any verbatim duplication of the Content in whole or in part.

1. TDM License

Licensor hereby grants Licensee and its Authorized Users the following rights:

- 1.1 the right to download (manually or through automated means) and/or extract information from the Content to which the Licensee has access rights under this License Agreement for the purpose of TDM to a server only accessible to Authorized Users and Licensee (an “**Internal Server**”), and to perform TDM on such Content and/or TDM Materials for the duration of a specific TDM project.
- 1.2 the right to internally store electronic copies of the Content and the TDM Materials to the extent necessary to ensure efficient use by Authorized Users in connection with their work on a TDM project and to ensure feasible and efficient replication of the TDM project, on the condition that such internal storage does not result in local copying and hosting of a substantial portion of the Content licensed under this Agreement.
- 1.3 the right to make the TDM Output available to third parties, and to use the TDM Output for any purpose, including commercial purposes, subject to the limitations set forth in these TDM Terms. For the avoidance of doubt, any database rights in the TDM Output that may be created by Authorized Users, if any, are the sole property of the Authorized Users.
- 1.4 the right to allow a third party to access the Content and/or the TDM Materials of a specific TDM project for replication and verification of accuracy of the TDM Output of said TDM project, as part of such third parties own scientific, non-commercial research activities. Such access shall only be permitted on the Internal Server, a transfer of the TDM Materials to the third party being not permitted. Any usage shall be solely limited to replication and verification of accuracy of the TDM Output of a specific TDM project. Licensee will inform the third party of, and require the third party to adhere to the limitations of this section 1.4 and section 3 of the General Terms and Conditions.

2. Prohibited uses

- 2.1 The prohibited uses applicable to Licensee’s use of the Content set forth in Section 3 of the General Terms and Conditions shall apply to these TDM Terms. For the avoidance of doubt,

with respect to Section 3.1.4 of the General Terms and Conditions, a) one request per second is not deemed likely to burden the Platforms when Licensor's websites are used to download the Content or b) hundred requests per second are not deemed likely to burden the Platforms when the API made available by Licensor for TDM purposes is used to download the Content . Without limiting the foregoing, Licensee and its Authorized Users may not (i) create derivative products or services that would compete with or negatively affect Licensor or Licensor's Affiliates products or services, (ii) allow a third party to access or use any TDM Materials (unless permitted in section 1.4 above), (iii) perform TDM for a third party, or (iv) store, or permit storage of, Content or TDM Materials on any server other than an Internal Server.

- 2.2 Customer and Licensor agree to discuss technical requirements as set forth in Section 2.1 second sentence on an annual basis during the Term of this License Agreement. However, for the avoidance of doubt, it is in Licensor's sole discretion to alter the limitations as set forth in Section 2.1 second sentence.
- 2.3 This section 2 shall survive any expiration or termination of this License Agreement, howsoever arising.

3. Security, Formats and Delivery Mechanisms

- 3.1 Licensee will (i) use reasonable (at least industry-standard) physical, administrative, organizational and technical measures to protect the security of the Content downloaded for TDM purposes and the TDM Materials in its possession or control, (ii) use reasonable efforts to conduct regular network vulnerability assessments of its security systems, (iii) use reasonable efforts to conduct regular security audit, (iv) use reasonable efforts to maintain a written security plan, (v) use reasonable efforts to maintain a documented maintenance and security patch process, (vi) use reasonable efforts to maintain membership in one or more industry-recognized security alert organizations, such as Bugtraq, regularly monitor such alerts, and respond to such alerts in a timely fashion, and (vii) at Licensor's request and cost, permit Licensor to review in a reasonable manner Licensee's network vulnerability assessments, security audit report, security plan, maintenance and security patch process, and maintenance and patching records.
- 3.2 Sections 5.2 – 5.3 of the General Terms and Conditions shall apply with respect to the TDM Materials.
- 3.3 Usage of personal data contained in the Content may be subject to applicable data protection laws. Licensee must ensure that any intended use is in compliance with such laws.
- 3.4 Licensor does not make any warranty nor give any assurance as to the suitability or availability of the Platforms for carrying out TDM.

4. Breach and Termination

- 4.1 If Licensee breaches its obligations under these TDM Terms, Licensor may, in its sole discretion, terminate either (i) this TDM Terms only or (ii) the License Agreement, in each case in accordance with Section 7.1 of the General Terms and Conditions.
- 4.2 Upon termination of the TDM Terms under section 4.1 above or of the entire License Agreement for breach by Licensee in accordance with sections 7.1, 7.2 or 7.3 of the General

Terms and Conditions, Licensee shall procure the destruction of any copies of the Content and/or TDM Materials which may be locally loaded. Upon Licensor's request, no later than 30 days after such termination, Licensee shall provide a statement of destruction signed by an authorized officer of Licensee.

- 4.3 Upon expiration of the Term of the License Agreement, Licensee shall procure the destruction of any copies of the Content and/or TDM Materials which may be locally loaded, except for copies of the Content and/or the TDM Materials which are necessary for replication and verification of accuracy of the TDM Output of a specific TDM project.

General Terms and Conditions to the License Agreement

These **General Terms and Conditions** are part of and incorporated into the License Agreement by and between Licensor and Customer and Licensee.

1. Definitions

1.1 **“Additional Organisation”** means a) any academic, governmental or research organisation, which is located in Sweden and b) the Swedish Research Institute in Istanbul and the Swedish Institute of Classical Studies in Rome, if such organization participates in the 'Bibsam Consortium'.

1.2 **“Affiliate”** means a party controlling, controlled by, or under common control with another party, where “control” means the direct or indirect ownership of at least fifty percent (50%) of the stock or other equity interest of a party.

1.3 **“Archive Content”** means Content which is licensed under a Product Term in which the Term begins at the Commencement Date and continues, without an end date, subject to all terms and conditions of this License Agreement.

1.4 **“Authorized Users”** means Licensee’s full-, part-time and retired faculty members, students, staff, researchers, contractors (provided that use by a contractor of Licensee is authorized solely to the extent it is for the benefit of Licensee, and not for the benefit of the contractor or any third party), and walk-in users.

1.5 **“Commencement Date”** means the date from which Licensee is granted access to the Content (or right to open access publication) under individual Product Terms with respect to the Content identified in such Product Terms.

1.6 **“Content”** means the journals, books, archives, databases and all other materials identified in the Product Terms and which are licensed to Licensee under this License Agreement.

1.7 **“Continuing Access”** means Licensee's continuing without limitation in time access to the Content after the Term, subject always to all provisions of this License Agreement, excluding, however, the obligation to pay License Fees and/or any other cost.

1.8 **“Licensee”** means each of the parties identified as “Licensee” in the License Details. For sake of clarity, each Licensee is an independent party to this License Agreement. The Licensees listed in the License Details shall not to be treated as a collective with joint liability.

1.9 **“Licensor”** means Springer Nature Customer Service Center GmbH, acting on its own behalf and/or on behalf of certain of its Affiliates.

1.10 **“Platforms”** means Licensor's websites and other content delivery systems used by Licensee and Authorized Users to access Licensor's content and/or to submit articles for open access publication pursuant to this License Agreement.

1.11 **“Product”** means the specific category of Content identified in individual Product Terms.

1.12 **“Product Terms”** mean the terms and conditions applicable to specific categories of Content.

1.13 **“Term”** means the effective period of this License Agreement for an individual Product, as set forth in the Product Terms, including any renewal term.

2. Grant and Scope of License

2.1 Subject to Licensee's compliance with the License Agreement, and except as otherwise stated herein, Licensor hereby grants Licensee a non-exclusive and non-transferrable license to:

2.1.1 permit Authorized Users to access the Content for the duration and in the manner set forth in the License Agreement;

2.1.2 incorporate links on Licensee's intranet websites to the Content in full text format on the Platforms;

2.1.3 transmit to a non-commercial library single items of Content only for personal, educational, scientific, or research purposes. Such transmission shall be by post, fax or secure electronic transmission; the electronic file must retain the relevant copyright notice and, if printed, shall be deleted immediately after printing. The right set out in this clause does not extend to centralized ordering facilities, such as document delivery systems, nor the distribution of copies in such quantities as to substitute for a subscription or purchase of the distributed Content.

2.2 Authorized Users may solely for personal, educational, scientific, or research purposes:

2.2.1 access (including by remote access, with the exception of walk-in-users), browse, view, collate, display, search and retrieve the Content,

2.2.2 download, store on a hard drive or removable media drive, print and copy in paper and digital form single articles, chapters or other individual items of the Content,

2.2.3 use single articles, chapters or other individual items of the Content for academic course materials with all rights notices duly presented,

2.2.4 publicly display individual parts of the Content as part of a presentation at a seminar, conference, or workshop, or other similar event, to the extent required to facilitate the scientific or educational discourse involving the information contained in the Content, with the appropriate credentials,

2.2.5 distribute a copy of individual articles or items of the Content in print or electronic form to other individual scholars collaborating with Authorized Users, but in no case for commercial purposes nor in any means or magnitude as to act as a replacement for that third party recipient's own subscription to the Content,

2.2.6 when reading or visually impaired, use Braille displays, voice synthesizers and other such devices to enable use of the Content,

2.2.7 use the Content for Text and Data Mining as described in Attachment 3.

3. Prohibited Uses

3.1 Except as permitted by applicable law or this License Agreement, neither Licensee nor Authorized Users shall:

3.1.1 remove, obscure or alter any copyright or other notices, trademarks, logos, service marks or any other proprietary rights appearing in or on the Content,

3.1.2 update, change, revise, adapt, modify, translate, transform or create any derivative work of the Content,

3.1.3 re-distribute, reproduce, or transmit the Content by any means including electronic (e. g., via e-mail, FTP) nor post it on personal or public websites or on public networks,

3.1.4 systematically download any Content, use routines designed to continuously and automatically search and index the Content (full text and meta data), such as web-crawling or spider programs or engage in any activity likely to burden the Platforms,

3.1.5 directly or indirectly use or assist any third party to use the Content for any commercial or monetary purposes including without limitation any sale, resale, loan, transfer or upload of the Content to a commercial entity's internet website, or otherwise charge a fee for access; or

3.1.6 otherwise use the Content in a manner that would infringe the copyright or other proprietary rights contained therein.

3.2 Nothing in this License Agreement shall be taken to restrict, limit or curtail any acts done or authorized by Licensee or Authorized Users in relation to the Content or any part thereof which are or will be permitted under mandatory Swedish law during the Term. In the event of any conflict between the provisions of this License Agreement and the provisions of Swedish law, the provisions of Swedish law shall prevail.

4. Rights and Obligations of Licensor

4.1 Licensor will control access to the Content through Internet Protocol ("IP") authentication or another identification method reasonably determined by Licensor and agreed by Licensee.

4.2 Licensor reserves the right to monitor, investigate and analyse all available data including log files to detect misuse of the Content to extent permitted by applicable privacy and data protection laws.

4.3 Licensor will comply with the technical requirements as specified in Attachment 4.

4.4 Licensor shall provide continuous online access to the Content through the Platforms and to the Article Approval System, subject to periodic unavailability due to (a) unexpected technical issues outside of Licensor's control, and (b) server and software maintenance, to be notified in advance to Customer and Licensee when possible ("Unavailability"); and restore access to the Content as promptly as possible in the event of Unavailability, but in all cases no later than two (2) business days from notification from Licensee ("Grace Period"). If the Unavailability continues beyond the Grace Period, Customer shall be entitled to a pro-rata refund of any pre-paid License Fees (excluding Publishing Fee) on behalf of the affected Licensee for the affected Product to Customer. Licensor will refund the Customer with an amount calculated as follows:

- [Annual License Fee (excluding Publishing Fee) for affected Product] x [Number of full days of Unavailability after the expiry of Grace Period divided by 365]

The above shall not limit any rights of Licensee under mandatory Swedish law.

In the event that Licensor ceases to provide access to Continuing Access Content or Archive Content as a standard offering through the Platforms after expiration of the Term, Licensor will provide access to such Content to Licensee through the digital preservation services referred to in Section 4.5 below, to the extent Licensor has, at the time of such event, entered into agreements with such digital preservation services, and to the extent Licensor's rights to the Content permit. If the foregoing is not feasible, Licensor may provide access through other means, which may include, without limitation, physical media.

All of Licensor's obligations and Customer's and Licensee's rights under this Section 4.4 are subject to (i) Customer's timely payment of the License Fees and full compliance with this License Agreement and Licensor's reasonable instructions regarding access to the Content (which may include, among other instructions, the update of software), (ii) Licensor's receipt of prompt notification of a loss of access or interruption, specifying the circumstances in reasonable details, including affected Licensee and Product. Further, Licensor shall have no obligation under this Section 4.4 for any Unavailability caused in whole or in part by a Licensee or its Authorized Users.

4.5 Licensor cooperates with a number of digital preservation services provided by e.g. CLOCKSS, LOCKSS and Portico for the preservation of certain online products of Licensor. In the case of a triggering event set forth in Licensor's agreements with the digital preservation services, Licensee may be entitled to access the Content pursuant to such agreements. It is in Licensor's sole discretion to enter into or to continue such agreements.

4.6 Licensor reserves the right to discontinue publication or distribution of any part of the Content to which it no longer retains the right to publish or which it reasonably believes is incorrect or may give rise to a legal claim, and to withdraw, edit, amend or retract any part of the Content to which it no longer retains the right to publish or which it reasonably believes is incorrect or may give rise to a legal claim. Licensor will use reasonable efforts in line with Licensor's standard policies to inform Customer and Licensee with respect to the discontinuation of parts of the Content.

4.7 Licensor retains all right, title, and interest in and to the Content, and any trademarks, patent rights, copyrights, and rights to any ideas and designs relating to the Content, the Platforms, and all software used to access the same.

4.8 Licensor will provide Customer and Licensee with detailed lists of all journals included in the Content of the

following year each 15th of September of the Term. Such lists shall be delivered in MS Excel format and shall include: title, print ISSN and online ISSN, URL, access start year, volume, issue, MARC records (when applicable), as well as a clear indication of the Open Access journals.

5. Rights and Obligations of Licensee

5.1 Licensee shall at all times use reasonable measures to implement current industry standard physical, administrative, and technical measures to (a) restrict access and use of the Content to Authorized Users as permitted under this License Agreement, (b) maintain the security and integrity of the Content accessible on or through Licensee's network, and (c) ensure that all Authorized Users are notified of and comply with the usage restrictions set forth in this License Agreement. Licensee shall terminate access for any individual who ceases to be an Authorized User for any reason.

5.2 Licensee shall promptly inform Licensor of any breaches in security in Licensee's network or its accounts which may result in unauthorized access to the Content.

5.3 If Licensee becomes aware of any unauthorized use of the Content by an Authorized User or third party, Licensee shall immediately inform Licensor and shall take appropriate steps to ensure that such activity ceases and to prevent its recurrence, including, but not limited to, terminating access of any Authorized User accessing or using the Content in violation of this License Agreement.

5.4 Licensee will not be liable for unauthorized use of the Content by any Authorized User provided that (i) the unauthorized use did not result from the Licensee's own negligence or wilful misconduct, (ii) Licensee fulfils its obligations under Section 5 and (iii) Licensee did not cause and/or permit, knowingly assist or condone the continuation of such unauthorized use after becoming aware of an actual breach having occurred.

6. License Fees

6.1 Customer shall pay the fees set forth in the License Agreement (the "**License Fees**") within 60 days from reception of the invoice. Delayed payments shall be subject to interest charges at the interest rate of 9% above the set European Central Bank Interest Rate for Main Refinancing Operations. Customer has the right to prove that the actual damage incurred by its default is less than as set forth in the second sentence of this Section 6.1, and will then only be obliged to pay the actual damage.

6.2 All amounts payable by Customer shall be exclusive of any sales, use, withholding, value added or similar taxes, government fees or levies or other assessments. Collection and/or remittance of such taxes to the relevant tax authority shall be the responsibility of the party who has the legal obligation to do so.

If, based on applicable law, any sales, value added or similar taxes are or become chargeable, Customer will reimburse Licensor by means of paying an amount equal to the amount of such taxes in addition to and at the same time as paying the principal amounts. Licensor shall provide to Customer an appropriate invoice as required by law. If, based on applicable law, any withholding or similar taxes are or become chargeable, Customer is not entitled to deduct these taxes from the principal amounts. Customer shall remit these to the competent tax authority and shall provide Licensor with appropriate evidence of the remittance.

6.3 The License Fee, or any portion thereof, may be invoiced by a Licensor Affiliate, or by an agent designated by Licensor. Payment will be deemed made when received (i) by Licensor, (ii) a Licensor Affiliate, (iii) an agent designated by Licensor, or, (iv) with Licensor's prior written consent, an agent designated by Customer.

7. Term and Termination

7.1 Either Licensor or Customer (on its own behalf and/or on behalf of each individual Licensees) may terminate the License Agreement immediately upon notice to the other party if the other party (including, with respect to Customer, an individual Licensee) materially breaches this License Agreement and fails to cure such breach within thirty (30) days after notice from the non-breaching party specifying the breach in reasonable detail.

7.2 The Parties recognize (amongst other) the following events as material breach: (a) a petition in bankruptcy or for a reorganization or arrangement pursuant to the bankruptcy laws is filed by the other party, or (b) a petition in bankruptcy or for reorganization or arrangement pursuant to the bankruptcy laws is filed against the other party and such petition is not dismissed within 90 days, or (c) an order is entered directing the liquidation of the other party, or (d) the other party becomes insolvent, or (e) the other party assigns all or substantially all its assets for the benefit of creditors, or (f) the other party shall apply for, or consent to, the appointment of a receiver, trustee or liquidator for all, or a substantial part, of its assets, or (g) the other party ceases paying its debts on a regular basis, unless prohibited by applicable law.

7.3 In the event Customer fails to pay the License Fee for Content provided under one or more Product Terms, and fails to cure such non-payment within 30 calendar days following notice from Licensor, Licensor may, in its sole discretion, either (a) immediately and without further notice suspend access to the Content licensed under such Product Terms or (b) terminate the License Agreement pursuant to Section 7.1, either in its entirety, or solely with respect to the Content licensed under such Product Terms.

7.4 Licensor may suspend the provision of the Content to a Licensee with immediate effect on notice if Licensor has reasonable grounds to believe that the Content is being used in a manner contrary to the terms of this License Agreement which poses in Licensor's reasonable opinion, a material risk to Licensor or its Affiliates, without prejudice to any other rights Licensor may have at law or in equity. For the avoidance of doubt, if Licensor suspends the provision of the Content pursuant to this Section 7.4 without having objective reasonable grounds for the suspension, Licensee's rights as per Section 4.4. shall apply accordingly.

7.5 In the event of termination or expiration of the License Agreement for any reason (a) the license grant shall terminate with regard to the Content, (b) Licensee shall discontinue accessing the Content via the Platforms, and (c) Licensee shall delete or destroy all copies of the Content on electronic and physical storage mediums. At Licensor's request, Licensee shall provide a certificate executed by an officer of Licensee attesting that such deletion or destruction has been fully effectuated. For clarity, however, the first two sentences of this Section 7.5 do not apply upon expiration of the Term of a Product with Continuing Access specified in the applicable Product Terms. All indemnification, confidentiality, and payment obligations in the License Agreement up to the termination date shall survive such termination or expiration.

7.6 Any termination or suspension right under this Section 7 may be exercised by or against Customer, or an individual Licensee, provided that in the case of termination by Licensor with respect to an individual Licensee, or termination by an individual Licensee with respect to Licensor, this License Agreement shall remain in effect with respect to all other Licensees.

7.7 On termination by Customer pursuant to sections 7.1 or 7.2, Licensor shall forthwith refund the proportion of the License Fee that represents the paid but unexpired part of the Term and the paid but unused part of the APC Fund, in addition to other damages or compensation (if provided for under mandatory Swedish law).

8. Representations, Warranties, Indemnification

8.1 Licensor represents and warrants that (a) it has sufficient rights in and to the Content as granted herein, and (b) use of the Content by Licensee in accordance with the License Agreement shall not infringe or violate any copyright, trademark, or right of privacy or publicity of any third party.

8.2 Licensor shall not be liable for any damages caused by (a) use of the Content by Licensee or any Authorized User other than as expressly permitted under this License Agreement; (b) any failure or malfunction resulting wholly or to any material extent from the Licensee's and/or Authorized User's wilful misconduct, negligence, operator error, use other than in accordance with user documentation made available by Licensor; (c) failure by Licensee to implement recommendations previously advised by Licensor in respect of, or solutions for, faults in the Content or the Platforms; or (d) the de-compilation or modification of the Content or its merger with any other program by any person other than Licensor.

8.3 Licensor shall defend, indemnify, and hold harmless Licensee and its Affiliates, successors and assigns from and against any and all third party claims, demands, obligations, costs, losses and liabilities (including reasonable attorney fees if a defence is not provided by Licensor, reasonable fees being such fees allowed by statutory law, if applicable) incurred by Licensee which arise out of a violation of Licensor's representations and warranties set forth herein, subject to the conditions that Licensee (a) notifies Licensor immediately upon becoming aware of any such third-party claim, (b) does not attempt to compromise or settle the claim, (c) provides Licensor with all reasonably requested information and assistance, and (d) permits Licensor to have sole conduct of the defence and/or settlement of such claim with counsel of Licensor's choice at its expense.

8.4 Except for the express warranties and indemnities stated herein and to the extent permitted by applicable law, Licensor provides the content "as is" and makes no other representation or warranty. Licensor expressly disclaims any liability for any claim arising from or out of the Content, including but not limited to any errors, inaccuracies, omissions, or defects contained therein, and any implied or express warranty as to merchantability or fitness for a particular purpose. The parties shall not be liable for any special, incidental, consequential, punitive or exemplary damages, even if they have been advised of the possibility of such damages. Each party liability for any and all claims under this Agreement is limited to an amount corresponding

with the License Fees actually paid to Licensor in the 12-month period immediately preceding the event giving rise to a claim.

8.5 Customer represents and warrants that it has the requisite authority to enter into this License Agreement on behalf of Licensee and that it is fully and unconditionally authorized so to act and to bind such entity to this License Agreement, and it has provided a copy of the License Agreement to Licensee or afforded Licensee the opportunity to review it.

9. General

9.1 Licensor may assign its rights or delegate its obligations, or any part thereof under the License Agreement, or use subcontractors, without the prior consent of Customer or Licensee. Licensor will require any such party to comply with Licensor's obligations under this License Agreement. Customer is entitled to hold Licensor liable should the assignee/subcontractor not perform in accordance with the Licensor's obligations laid out in this License Agreement. Customer or Licensee may not assign its rights or delegate its obligations or any part thereof under the License Agreement without the prior consent of Licensor. Any attempt by Customer or Licensee to assign or delegate any rights or obligations set forth in the License Agreement without Licensor's prior consent shall be null and void.

9.2 Either party's delay or failure to perform any term or condition of the License Agreement as a result of circumstances beyond its control such as, but not limited to, wars, invasions, hostilities (whether war is declared or not), terrorist threats or acts, epidemics, strikes, fires, floods, earthquakes, explosions, governmental restrictions, market manipulations, actions, orders or laws, embargos or blockades in effect on or after the Effective Date of this Agreement, national or regional emergencies, power failures, or damage or destruction of any network facilities or servers, shall not be deemed a breach of the License Agreement.

9.3 If any covenant or other provision of the License Agreement is invalid, illegal or incapable of being enforced, by reason of any rule of law or public policy, all other covenants and provisions shall nevertheless remain in full force and effect.

9.4 This License Agreement supersedes and replaces all prior agreements and understandings, whether written or oral, between the parties concerning the subject matter hereof. This License Agreement constitutes the entire agreement between the parties concerning its subject

matter and cannot be modified, nor may any or its provisions be waived, except when executed in written form and signed, or signed by DocuSign electronic signature, in each case by all parties, except that in the case of waivers or consents, the foregoing requirements shall apply solely to the party giving such waiver or consent. Failure or delay of either party to enforce any of its rights under this License Agreement is not deemed a modification or a waiver by such party of any of its rights hereunder.

9.5 In case of a conflict or ambiguity between these General Terms and Conditions and the Product Terms, the Product Terms shall prevail.

9.6 The License Agreement and the rights and obligations of the parties hereto shall be construed, interpreted and determined in accordance with the laws of Sweden.

9.7 The parties acknowledge and agree that any controversies and disputes arising out of the License Agreement shall be decided exclusively by the courts of Stockholm, Sweden.

9.8 All notices given pursuant to the License Agreement shall be in writing and shall be deemed given (a) if delivered by internationally recognized courier service, upon confirmed delivery, or (b) if delivered by certified or registered mail, return receipt requested, upon the earlier of receipt or three (3) days after posting. Notice to Licensor shall be to the then-current licensing manager at the address set forth above with a copy to Springer Nature, Licensing Control, Van Godewijckstraat 30, 3311 GX P.O. Box 17, 3300 AA Dordrecht, The Netherlands. Notice to Customer shall be to the address set forth in the License Details. Any notices given under this License Agreement must also be sent, on the day of dispatch by email to the recipient's email address specified in License Details or the email address of the licensing manager, as the case may be.

9.9 This contract is solely for Licensor's and Licensee's benefit (and Customer's where applicable). It is not for the benefit of any other person, except for permitted successors and assigns under this contract.

Attachment 4**Technical Requirements and Metadata**

Licensor will:

- collect monthly data on usage of the Content and process these according to the COUNTER Code of Practice and according to applicable privacy and data protection laws (the "Usage Data"). The Usage Data shall not contain any personal data. The Usage Data will be made available for download by Customer and Licensees through a secure website, provided that these statistics are strictly for the Customer's Licensees' use and Licensor shall not be required to disclose any information to the Customer and the Licensees which it is prohibited from disclosing to the Customer and the Licensees due to any legal or regulatory constraint imposed upon it, including without limitation any applicable privacy or data protection legislation or regulations or contractual obligations.
- implement the Standardized Usage Statistics Harvesting Initiative (SUSHI) protocol (<http://www.niso.org/workrooms/sushi>), to the extent referred to in the COUNTER Code of Practice.
- make reasonable efforts to provide to the Customer and link resolver vendors, as frequently as required by title changes and other changes, a file in KBART compliant format containing the following information for the Content: publication title, ISSN and ISBN, coverage start and end ranges, and title URL.
- meet the W3C standards (www.w3.org/WAI/Resources/#in) for Content first published during the Term, and use commercially reasonable efforts to meet the W3C standards for Content published prior to the Term, whenever possible.
- deliver, upon request, metadata relating to the Content to Customer and Licensees by FTP data feed or by any other means agreed between the parties. The metadata will contain the following fields: chapter/article title, book/journal title, ISBN/ISSN, author(s), volume, issue, year, page, publisher and link to full text on the online-platform. The Customer may load and format the metadata onto the freely accessible National Union Catalogue Libris (<http://libris.kb.se>). The Licensee may load and format the metadata onto the Licensee's server to enable indexing of the Content by the Licensee solely for the purpose of enhanced navigation. The Licensee may load the metadata to a secure third party server provided that the Licensee will contractually require the third party to comply with the applicable terms of this License Agreement and be liable for any breach by such third party.
